1 Introduction and aims

Schools play a crucial role in preventative education.

Preventative education is most effective in the context of a whole-school approach that prepares pupils and students for life in modern Britain and creates a culture of zero tolerance for racism, sexism, misogyny/misandry, homo/bi/trans phobia and sexual violence/harassment.

Scope

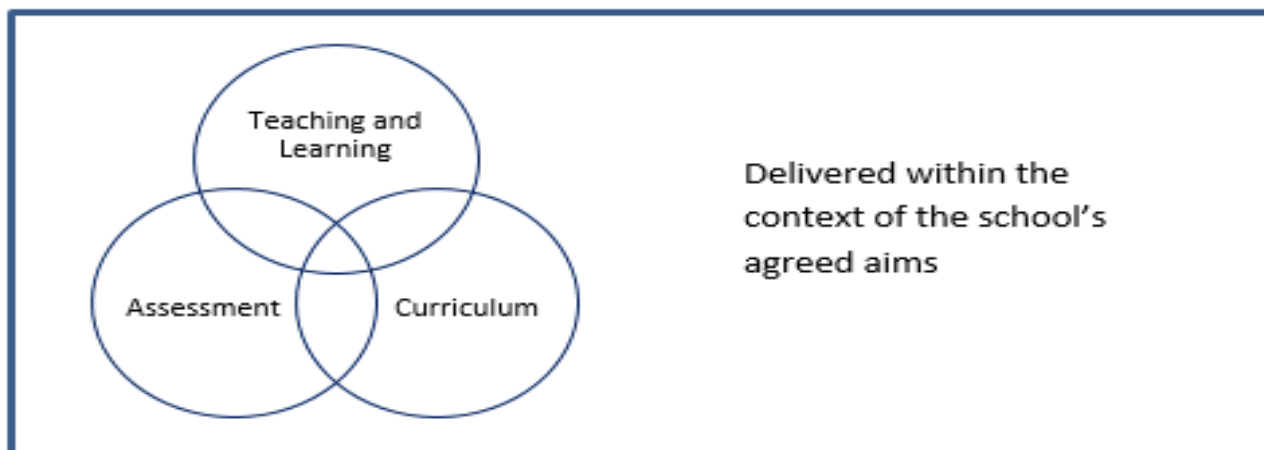

This policy applies to all students, including those in the Early Years.

Purpose

The purpose of this policy is to ensure that our Relationships and Sex Education (RSE) and Health Education support our school ethos and fulfils our school aims, which are defined as:

1.1 This policy forms part of the curriculum.

1.2 We see the curriculum as, 'The total learning experience for our students, which includes not

only the taught lessons but also the routines, behaviours, events, activities and other opportunities that our students experience on a daily, weekly and yearly basis in order to ensure that all of them make the best progress possible and attain high standards'.

1.3 A well-structured and coherent curriculum is a fundamental element of the tripartite education that underpins all successful schools and includes Teaching, Learning and Assessment (see model below) and is underpinned by Wellbeing.

Aims

The aims of RSE at our school are to:

1.4 Provide a framework in which sensitive discussions can take place.

1.5 Prepare students for puberty, give them an understanding of sexual development and the importance of health and hygiene.

1.6 Help students develop feelings of self-respect, confidence and empathy.

- 1.7 Create a positive culture around sexuality and relationships.
- 1.8 Teach students the correct vocabulary to describe themselves and their bodies.
- 1.9 Help students understand that healthy relationships are an important part of wellbeing.
- 1.10 Prevent students from becoming involved in child-on-child abuse, and /or experiencing harm in school/in the community

2 Statutory requirements

Relationships education compulsory for all pupils receiving primary education, and relationships and sex education (RSE) compulsory for all pupils receiving secondary education. Personal, social, health and economic education (PSHE) continues to be compulsory in independent schools.

The government RSHE guidance to be implemented on 1st September 2026 can be found [here](#). Until 31st August 2026, this policy will be underpinned and informed by the current 2025 guidance which can be found [here](#).

Our policy also follows the requirements of the Independent School Standards. Aspects of RSE are infused within the day-to-day operation of our school; incorporated through the curriculum, both in content included in subject schemes of work and through other planned learning opportunities in the school. They are captured in our written aims and expressed in the ethos and behaviours of everyone.

- 2.1 As a Preparatory School, we must ensure that every registered student who is provided with primary education at the school is provided with relationships education, in accordance with section 34 of the Children and Social Work Act 2017 and the Independent School Standards

At Brighton College Prep Kensington we teach RSE as set out in this policy.

3 Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

- Review – The PSHE Lead & Senior Deputy Head reviewed all relevant information, including but not limited to, relevant national and local guidance including regard to the school's obligations under the Human Rights Act 1998, the Equality Act 2010, (including the Public Sector Equality Duty), and their local multi-agency safeguarding arrangements.
- The policy was drafted in accordance with statutory guidance and aligned with the Independent School Regulations/BSO Standards. The school curriculum plans were amended accordingly.
- Staff consultation – school staff were given the opportunity to review the policy and make recommendations.
- Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy and offer commentary.

The school will proactively engage parents and make sure they are aware of what is being taught in RSHE and consult with them when developing and reviewing the RSHE Policy. The school will show parents a representative sample of the resources that they plan to use, enabling parents to continue conversations started in class, and should ensure that parents are able to view all curriculum materials used to teach RSHE on request. Other steps may include inviting parents into school to discuss the curriculum content and the importance of RSHE for wellbeing and safety, inviting them to discuss any concerns, and supporting parents in managing conversations with their children about RSHE topics.

- Student consultation – students were consulted with about their RSE lessons in school council meeting
- Ratification – once amendments were made, the policy was published.
- Policy review – this policy will be reviewed every three years.

4 Definition

- 4.1 RSE is about the emotional, social and cultural development of students, and involves learning about healthy relationships, healthy lifestyles, diversity and personal identity.
- 4.2 RSE involves a combination of sharing information and exploring issues and values.
- 4.3 RSE is not about the promotion of sexual activity, sexual orientation, or a specific sexual identity.

5 Curriculum

- 5.1 Our curriculum is set out in Appendix 1, but we may need to adapt this as and when necessary.
- 5.2 We have developed the curriculum in consultation with parents, students and staff, taking into account the age, needs, and feelings of students.
- 5.3 Primary sex education will focus on:
 - Preparing all students for the changes that adolescence brings; and
 - How a baby is conceived and born.

It will:

- i. consider the ages, aptitudes and needs of all pupils, including those pupils with SEND/ and an EHC plan.
 - ii. not undermine the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs; and
 - iii. ensure that discriminatory, extremist opinions or behaviours are challenged as a matter of routine.
- 5.4 For more information about our curriculum, see Appendices 1 and 2 and our Curriculum Policy

6 Delivery of RSE

Brighton College Prep Kensington has a community approach to the teaching of RSE. Whilst we have weekly 40 minute PSHEE lessons in through which form tutors will teach the vast majority of the RSE curriculum content, these are supported through assemblies, workshops from guest speakers as well as the everyday teachable moments that we expect staff to reinforce in the business of everyday school life.

Equality

The school, in its delivery of RSHE will comply with relevant requirements of the Equality Act 2010, including the Public Sector Equality Duty (PSED) (s.149). Topics will be taught in a way which does not discriminate against pupils or amount to harassment. Pupils will be encouraged to understand the importance of equality and respect and learn about the law relating to the protected characteristics (by the end of their secondary education). The protected characteristics are age, disability, gender reassignment, sexual orientation, marriage or civil partnership, pregnancy and maternity, race, religion or belief, and sex.

Responding to new risks or issues within the national or local context

The school will carefully sequence teaching so that pupils are supported and equipped with the knowledge to navigate different experiences in a positive way before they occur, and to prevent harms. The school will maintain a relevant and responsive curriculum to ensure that any particular or new issues that are affecting the pupils in the school (or nationally) are addressed in a timely manner so that the children are kept as safe as possible on/offline. Where appropriate, the school will work with local partners and other bodies to understand specific local issues/risks. The school inform parents in advance of any deviation from our published RSE policy, including the reasons why they are covering this content, and will share any relevant materials with them on request in advance of the planned sessions. All teaching will be age appropriate and respectful of all children, including those who may have no familiarity with the topics under discussion.

Our RSE is taught as part of our PSHEE curriculum. The PSHEE course is delivered to all students through discrete PSHEE lessons taught by our teachers. There is one lesson of taught PSHEE a week. Elements of the programme may be supported through the bringing in of additional expertise, such as outside speakers and/or trained health professionals (the credentials of any visitor or visiting organisation, and their materials will be checked prior to booking). The school will not use resources from any individual or organisation who hold partisan views on contested topics. External providers may not include contractual restrictions preventing schools from sharing materials with parents.

The school will also use teachers with a particular interest or knowledge in a specific area. In addition to these discrete sessions, PSHEE is also embedded within the curriculum (e.g., social issues through the teaching of English Literature; Health through Biology and PE; Citizenship through History and Religion & Philosophy). There are also centrally organised sessions which supplement the delivery in house.

6.1 Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships, including:

- Families and people who care for me
- Caring friendships
- Respectful kind relationships
- Online safety and awareness
- Being safe

6.2 Primary sex education will focus on:

- Preparing all students for the changes that adolescence brings; and
- How a baby is conceived and born.

Health topics will include:

- General wellbeing
- Wellbeing online
- Physical health and fitness
- Healthy eating
- Drugs, Alcohol, Tobacco and Vaping
- Health protection and prevention
- Personal safety
- Basic First Aid
- Developing bodies

6.3 For more information about our RSE curriculum, see Appendices 1 and 2 and our Curriculum Policy.

6.4 In Year 7&8:

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds, including:

- Families
- Respectful relationships, including friendships
- Online safety and awareness
- Being safe

Health topics will include:

- Mental wellbeing
- Wellbeing online
- Physical health and fitness
- Healthy Eating
- Drugs, alcohol, tobacco and vaping
- Health protection and prevention, and understanding the healthcare system
- Personal safety
- Basic First Aid
- Developing Bodies

6.5 For more information about our RSE curriculum, see Appendices 1 and 2 and our Curriculum Policy.

6.6 These areas of learning are taught within the context of family life, taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBTQ+ parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures), along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

The school will also adhere to any statutory guidance on teaching topics where there is significant debate, such as gender questioning/reassignment: we will be mindful that beyond the facts and the laws lie varying viewpoints. As such, the school will not endorse any particular view or teach it as fact that all people have a gender identity. The school will avoid

language and activities which repeat or enforce gender stereotypes and will be mindful to avoid any suggestion that social transition is a simple solution to feelings of distress or discomfort.

7 Roles and responsibilities

Staff & Governance

7.1 RSE Lead Teacher

The person with responsibility for the overview and yearly evaluation of this policy is Senior Deputy Head – Chris Cripps. However, all staff are responsible for ensuring this policy is implemented and acted on.

When evaluating the use and impact of this policy, our school leaders will evaluate the extent to which there is evidence of a curriculum which:

- Fulfils the aims of the school;
- Embeds aspiration, attributes and the expectation to achieve high standards and high rates of progress; and
- Provides engagement and excitement for learning.

7.2 The Headteacher

The Headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw students from non-statutory components of RSE (see section 8).

7.3 The Chair of Governors

The Chair of Governors will hold the Headteacher to account for the implementation of this policy.

The Chair of Governors will ensure that:

- all pupils make progress in achieving the expected educational outcomes
- the subjects are well led, effectively managed and well planned
- the quality of provision is subject to regular and effective self-evaluation
- teaching is delivered in ways that are accessible to all pupils with SEND (see below)
- Teaching is sensitive to the needs of all students with protected characteristics under the Equality Act 2010
- clear information is provided for parents on the subject content and the right to request that their child is withdrawn; and,
- the subjects are resourced, staffed and timetabled in a way that ensures that the school can fulfil its legal obligations.

7.4 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
 - Modelling positive attitudes to RSE
 - Monitoring progress
 - Responding to the needs of individual students; and
- Responding appropriately to students whose parents wish them to be withdrawn from the [non-statutory/non-science] components of RSE.

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

All form tutors are responsible for the delivery of Relationships Education through PSHEE.

8 Students

Students are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8.1 Students with Special Educational Needs and Disabilities

Our curriculum is inclusive and our RSE and Health Education is accessible for all students. For those pupils with special educational needs or specific learning difficulties, the school has a well-established Inclusion department, led by the Head of Inclusion. Further details of this provision can be found in our Special Educational Needs and Disability (SEND) Policy.

High quality teaching that is differentiated and personalised will be the starting point to ensure accessibility.

As set out in the SEND code of practice, when teaching these subjects to those with SEND, Brighton College Prep Kensington is mindful of preparing students for adulthood.

Brighton College Prep Kensington is aware that some pupils are more vulnerable to exploitation, bullying and other issues due to the nature of their SEND. Relationships Education and RSE can also be particularly important subjects for some pupils; for example, those with Social, Emotional and Mental Health needs or learning disabilities. Such factors will be taken into consideration in designing and teaching these subjects.

9 Parents' right to withdraw

- 9.1 If parents require more information on RSE for primary aged children, (Years 1-6) this is a useful information source of information for them:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/812593/RSE_primary_schools_guide_for_parents.pdf

- 9.2 If parents require more information on RSE for secondary aged children, (Years 7&8) this is a useful information source of information for them:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/812594/RSE_secondary_schools_guide_for_parents.pdf

- 9.3 Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the non-statutory components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the Headteacher.

Alternative work will be given to students who are withdrawn from sex education..

A copy of withdrawal requests will be placed in the pupil's educational record. The Headteacher will discuss the request with parents and take appropriate action.

10 Training

- 10.1 Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development programme. The Head of PSHEE provides regular support through lesson observations, school-wide guidance and live training. They often use support such as TeenTips and resources from the PSHE Association.
- 10.2 The Headteacher will also invite, following a due diligence and vetting process, visitors from outside the school to provide support and training to staff teaching RSE.

11 Monitoring and evaluation arrangements

11.1 Monitoring

The delivery of RSE is monitored by Dale Corr (Head of PSHEE) through:
Our termly monitoring arrangements, including a work scrutiny, lesson observations learning walks, etc.

- 11.2 Pupils' development in RSE is monitored by PSHEE teachers as part of our internal assessment systems.

11.3 Evaluation

The delivery of RSE is evaluated by: Chris Cripps (Senior Deputy Head) and Dale Corr (Head of PSHEE)

12 Safeguarding

RSHE discussions can lead to increased safeguarding concerns being raised by pupils. All staff must follow the Safeguarding and Child Protection Policy if they have concerns about pupil wellbeing or safety.

Confidentiality arrangements must be clearly explained to pupils prior to sessions.

Appendix 1: Curriculum Map

Relationships and Sex Education Curriculum Map

The Relationships content covered at Brighton College Prep Kensington is summarised by the following learning objectives:

Early Years learning objectives:

- To develop positive relationships with other children
- To discuss feelings
- To express their feelings and consider the feelings of others.
- To become more outgoing with unfamiliar people, in the safe context of their setting
- To develop more confidence in new social situations
- To develop constructive and respectful relationships with peers and adults
- To learn the NSPCC's - PANTS Rules.. Privates are Private; Always your body belongs to you; No means no; Talk about secrets that upset you; Speak up someone can help.

Year 1 learning objectives:

- To identify members of my family and know how it feels to belong
- To understand how your class is a safe place for everyone to learn
- To know who to speak to if you're feeling worried, frightened or upset
- To discuss ways we are similar and different to our friends
- To develop empathy for others
- To work together on a project as a small group and celebrate our achievements
- To learn how to celebrate other's successes and be proud of yourself
- To understand that being healthy helps you to feel happy

Relationships and Sex Education (RSE) Policy

- To understand the life cycle of animals and humans
- To identify the differences between girls and boys using correct names for these
- To learn the NSPCC's - PANTS Rules.. Privates are Private; Always your body belongs to you; No means no; Talk about secrets that upset you; Speak up someone can help
- **Year 2 learning objectives:**
 - To recognise when I am worried or upset and know how to ask for help
 - To understand how we form happy and healthy relationships with peers and adults
 - To understand that we shouldn't judge people if they are different
 - To demonstrate how to use problem-solving strategies to resolve conflicts through role play
 - To recognise my strengths and weaknesses as a learner
 - To develop resilience
 - To understand the benefits of healthy eating
 - To identify the physical differences between girls and boys using correct names for these
 - To learn the NSPCC's - PANTS Rules.. Privates are Private; Always your body belongs to you; No means no; Talk about secrets that upset you; Speak up someone can help.
- **Year 3 learning objectives:**
 - To identify the different relationships we have in our lives through discussion
 - To define these relationships through a role play activity
 - To identify the roles these relationships have in our lives
 - To identify the different qualities we need to be good friends
 - To create a 'Friend wanted' advertisement, highlighting qualities found in a good friend

Relationships and Sex Education (RSE) Policy

- To reflect on the good qualities they have to offer a friend
- To identify niggles that may get in the way of being a good friend
- To learn the NSPCC's - PANTS Rules.. Privates are Private; Always your body belongs to you; No means no; Talk about secrets that upset you; Speak up someone can help.

Year 4 learning objectives:

- To relate to the fact that they can have more than one friend through roleplay activities
- To identify the different levels of friendship
- To understand that friends can move between these levels during our lifetime
- To identify which levels their friends fit in at this moment in their lives.
- To identify different feelings through roleplay
- To define empathy and give examples to show their understanding
- To recognise ways that they would like treated in different situations
- To learn the NSPCC's - PANTS Rules.. Privates are Private; Always your body belongs to you; No means no; Talk about secrets that upset you; Speak up someone can help.
- To understand that you need to have empathy to have positive relationship
- To know when, who and how to ask for help

Year 5 learning objectives:

- To learn about independence and increased responsibility
- To learn how to respond appropriately to a wider range of feelings in others

Relationships and Sex Education (RSE) Policy

- To learn about the importance of having trusted adults in their lives.
- To identify what makes a positive and healthy relationship
- To identify what a healthy relationship is in a physical and emotional sense
- To identify some signs that a relationship may not be healthy
- To understand that unhealthy relationships can happen anywhere: in school, at work, at home, among family members and friends
- To learn about different types of relationships
- To understand what is acceptable and unacceptable physical contact and how to respond
- To practise responses to challenging situations such as dealing with unkindness.
- To learn the NSPCC's - PANTS Rules.. Privates are Private; Always your body belongs to you; No means no; Talk about secrets that upset you; Speak up someone can help.
- To understand the importance of hygiene
- To be introduced to the concept of puberty and cover some changes to human bodies
- To know when, who and how to ask for help
- **Year 6 learning objectives:**
 - To understand the meaning of puberty and why it happens
 - To explore the physical and emotional changes that occur during puberty
 - To understand what happens to boys and girls during puberty
 - To create a checklist for staying healthy during puberty
 - To identify the conflicts pupils can have with parents and siblings
 - To examine ways in which conflicts can be managed in a healthy manner
 - To develop an understanding of what is meant by consent and privacy
 - To have the opportunity to ask questions anonymously using the 'question box'
 - To understand that civil partnerships and marriage are examples of stable, loving relationships

Relationships and Sex Education (RSE) Policy

- To learn the NSPCC's - PANTS Rules.. Privates are Private; Always your body belongs to you; No means no; Talk about secrets that upset you; Speak up someone can help.
- To know when, who and how to ask for help

Year 7 Relationships and Sex Education learning objectives

- To deepen an understanding of what is meant by consent and privacy in a relationship
- Characteristics of healthy and unhealthy relationships
- To explore ideas surrounding control and peer pressure
- To recognise that relationships can be challenging and need nurturing.
- To practice appropriate responses in challenging situations.
- To recognise good choices, lead to a healthy lifestyle.
- To understand risk taking and consequences.
- To deepen understanding of what happens to the human body during puberty.
- To understand the meaning of consent and privacy in the context of a relationship
- An exploration of body image and positive and negative images in the media I.e. unrealistic expectations of how we should look.
- To understand the importance of being empathetic with other adolescents going through puberty.
- To reinforce feelings of self-worth, self-respect, trustworthiness, integrity, and compassion.
- To understand the legal and non-legal commitments that people can make to one another
- To know when and who to ask for help.

Year 8 Relationships and Sex Education learning objectives

- To understand Relationship Values - learning will enable pupils to reflect on relationship values and practice practical conflict resolution strategies.
- To explore influences on relationships expectations including Media influence on relationships expectations.
- To develop a knowledge of the law, the impact, and the consequences of sharing of sexual images.
- To build further understanding of Consent, specifically in terms of avoiding assumptions.

- To understand what assumptions can be made in relation to consent, particularly in new relationships, and how these can be challenged and avoided.

Primary schools insert:

Appendix 2: By the end of primary school, students should know:

TOPIC	STUDENTS SHOULD KNOW
Families and people who care about me	<ul style="list-style-type: none">• That families are important for children growing up because they can give love, security and stability• The characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives• That others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care• That stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up• That marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong• How to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed
Caring friendships	<ul style="list-style-type: none">• How important friendships are in making us feel happy and secure, and how people choose and make friends• The characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties• That healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded• That most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right• How to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed

TOPIC	STUDENTS SHOULD KNOW
Respectful relationships	<ul style="list-style-type: none"> • The importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs • Practical steps they can take in a range of different contexts to improve or support respectful relationships • The conventions of courtesy and manners • The importance of self-respect and how this links to their own happiness • That in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority • About different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help • What a stereotype is, and how stereotypes can be unfair, negative or destructive • The importance of permission-seeking and giving in relationships with friends, peers and adults
Online relationships	<ul style="list-style-type: none"> • That people sometimes behave differently online, including by pretending to be someone they are not • That the same principles apply to online relationships as to face-to face relationships, including the importance of respect for others online including when we are anonymous • The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them • How to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met • How information and data is shared and used online
Being safe	<ul style="list-style-type: none"> • What sorts of boundaries are appropriate in friendships with peers and others (including in a digital context) • About the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe • That each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact • How to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know • How to recognise and report feelings of being unsafe or feeling bad about any adult • How to ask for advice or help for themselves or others, and to keep trying until they are heard • How to report concerns or abuse, and the vocabulary and confidence needed to do so • Where to get advice e.g., family, school and/or other sources

Appendix 2: By the end of secondary school, students should know:

TOPIC	STUDENTS SHOULD KNOW
Families	<ul style="list-style-type: none"> • That there are different types of committed, stable relationships • How these relationships might contribute to human happiness and their importance for bringing up children • What marriage is, including their legal status e.g., that marriage carries legal rights and protections not available to couples who are cohabiting or who have married, for example, in an unregistered religious ceremony • Why marriage is an important relationship choice for many couples and why it must be freely entered into • The characteristics and legal status of other types of long-term relationships • The roles and responsibilities of parents with respect to raising of children, including the characteristics of successful parenting • How to: determine whether other children, adults or sources of information are trustworthy: judge when a family, friend, intimate or other relationship is unsafe (and to recognise this in others' relationships); and, how to seek help or advice, including reporting concerns about others, if needed
Respectful relationships, including friendships	<ul style="list-style-type: none"> • The characteristics of positive and healthy friendships (in all contexts, including online) including: trust, respect, honesty, kindness, generosity, boundaries, privacy, consent and the management of conflict, reconciliation and ending relationships. This includes different (non-sexual) types of relationship • Practical steps they can take in a range of different contexts to improve or support respectful relationships • How stereotypes, in particular stereotypes based on sex, gender, race, religion, sexual orientation or disability, can cause damage (e.g., how they might normalise non-consensual behaviour or encourage prejudice) • That in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including people in positions of authority and due tolerance of other people's beliefs • About different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders to report bullying and how and where to get help • That some types of behaviour within relationships are criminal, including violent behaviour and coercive control • What constitutes sexual harassment and sexual violence and why these are always unacceptable • The legal rights and responsibilities regarding equality (particularly with reference to the protected characteristics as defined in the Equality Act 2010) and that everyone is unique and equal

Relationships and Sex Education (RSE) Policy

TOPIC	STUDENTS SHOULD KNOW
Online and media	<ul style="list-style-type: none"> • Their rights, responsibilities and opportunities online, including that the same expectations of behaviour apply in all contexts, including online • About online risks, including that any material someone provides to another has the potential to be shared online and the difficulty of removing potentially compromising material placed online • Not to provide material to others that they would not want shared further and not to share personal material which is sent to them • What to do and where to get support to report material or manage issues online • The impact of viewing harmful content • That specifically sexually explicit material e.g., pornography presents a distorted picture of sexual behaviours, can damage the way people see themselves in relation to others and negatively affect how they behave towards sexual partners • That sharing and viewing indecent images of children (including those created by children) is a criminal offence which carries severe penalties including jail • How information and data is generated, collected, shared and used online
Being safe	<ul style="list-style-type: none"> • The concepts of, and laws relating to, sexual consent, sexual exploitation/extortion, abuse, grooming, coercion, harassment, assault including rape, domestic abuse, forced marriage, honour-based violence and FGM, and how these can affect current and future relationships • How people can actively communicate and recognise consent from others, including sexual consent, and how and when consent can be withdrawn (in all contexts, including online)

TOPIC	STUDENTS SHOULD KNOW
Intimate and sexual relationships, including sexual health	<ul style="list-style-type: none"> • How to recognise the characteristics and positive aspects of healthy one-to-one intimate relationships, which include mutual respect, consent, loyalty, trust, shared interests and outlook, sex and friendship • That all aspects of health can be affected by choices they make in sex and relationships, positively or negatively, e.g., physical, emotional, mental, sexual and reproductive health and wellbeing • The facts about reproductive health, including fertility and the potential impact of lifestyle on fertility for men and women • That there are a range of strategies for identifying and managing sexual pressure, including understanding peer pressure, resisting pressure and not pressurising others • That they have a choice to delay sex or to enjoy intimacy without sex • The facts about the full range of contraceptive choices, efficacy and options available • The facts around pregnancy including miscarriage • That there are choices in relation to pregnancy (with medically and legally accurate, impartial information on all options, including keeping the baby, adoption, abortion and where to get further help) • How the different sexually transmitted infections (STIs), including HIV/AIDs, are transmitted, how risk can be reduced through safer sex (including through condom use) and the importance of and facts about testing • About the prevalence of some STIs, the impact they can have on those who contract them and key facts about treatment • How the use of alcohol and drugs can lead to risky sexual behaviour • How to get further advice, including how and where to access confidential sexual and reproductive health advice and treatment

Appendix 3: Parent form: Withdrawal from sex education within RSE

TO BE COMPLETED BY PARENTS			
Name of child		Class	
Name of parent		Date	
Reason for withdrawing from sex education within relationships and sex education			
Any other information you would like the school to consider			
Parent signature			

TO BE COMPLETED BY THE SCHOOL	
Agreed actions from discussion with parents	Include notes from discussions with parents and agreed actions taken. E.g.: X will be taking part in all relationships lessons and during the sex education lessons, they will be working independently on a project in the Year 5 classroom

Relationships and Sex Education (RSE) Policy

Ownership and consultation	
Document sponsor (role)	Director of Education- Europe
