About our School

Welcome to Brighton College Prep Kensington, a happy and vibrant school for boys and girls aged 2 to 13.

As a part of the award-winning Brighton College family of schools, Brighton College Prep Kensington nurtures a culture of kindness, where the personal happiness of children is our priority.

Brighton College Prep Kensington is a member of the Brighton College family of schools. This means both our children and staff benefit from the world-renowned experience and resources of Brighton College, The Sunday Times award-winning 'School of the Decade'.

Founded in 1845, Brighton College is one of the country's leading schools, regularly achieving the top academic results of any co-educational school in the UK. Beyond outstanding academic success, the school is known for its focus on kindness and community

engagement. Brighton College has won numerous international awards, and the Brighton College family of schools includes four schools in the UK, three in the UAE, one in Singapore, one in Thailand, and soon to be seven in Vietnam.

Brighton College Prep Kensington is a beautiful and friendly environment with bright and spacious classrooms. Pupils enjoy access to play areas, a state-of-the-art science lab, two art studios, a beautiful music room and our multi-purpose and bold Makerspace. We also make use of our two-acre Secret Garden, set

directly behind school. This access to outdoor space means that we are able to run a Forest School programme, emphasising outdoor learning and the importance of environmental responsibility. Come rain or shine, the outdoors is an integral part of daily life at Brighton College Prep Kensington. Children enjoy fun, hands-on, practical experiences as a part of the curriculum throughout the year.

We are located in the heart of Kensington, across four spacious Grade-II listed Victorian townhouses, which have been

designed to a bespoke educational standard. Our proximity to museums and world-class sporting facilities, mean that trips to Hyde Park, the Natural History Museum and the V&A are part of daily life.

Brighton College Prep Kensington is a happy school and staff and pupils feel fulfilled, with a forward-thinking curriculum, an innovative approach to education, and an emphasis on kindness.

We hope that you will want to come and join the fantastic group of professionals who work here.

9

SOCIAL ENTREPRENEURSHIP

Pupils are encouraged to give back to the community they live in; from visiting local senior citizens, to running an eco-warriors project in our Forest School, we nurture outward-looking children. We also open eyes to the world beyond London, involving our children and teachers in global charities.

10

BEYOND BRIGHTON

With a huge range of activities from mindfulness, cookery, dance, debating, public speaking, school magazine, disco yoga and presentation skills, our pupils are offered a wide and varied programme of opportunities to build a skill set to be used long after they leave Prep School.

PERSON SPECIFICATION

The academic success of our school is due to excellent, innovative and well-planned teaching. We are looking for individuals who foster a passion for learning and who can demonstrate an ability, and genuine desire, to develop pupils to their fullest potential.

Many teachers joining the school have a proven track record of effective teaching, having obtained excellent public examination results with previous classes. However, we are also equally happy to appoint candidates who are currently on a PGCE, or candidates with no formal teaching qualification. Several members of our teaching staff have pursued different career paths, and have made the move to teaching at a later point. We view this diversity as a strength.

We seek candidates with a demonstrable ability to thrive in an intellectually invigorating environment. The ability to inspire children is key, as is a willingness to support the ambition and values of the school and to be involved in a breadth of school life. Successful candidates will be self-reliant and adaptable, with high levels of initiative.

Candidates should have a strong academic record, including a good degree in a relevant subject. Those without teaching experience must be able to demonstrate a genuine interest in young people and teaching. We will look for evidence of the capacity to contribute to the broader life of the school, and for evidence of passion and enthusiasm for the relevant subject.

For the right candidate, there could be the opportunity to work in one of our international schools in due course.
